Don't forget to ask if you want something special.  
We will try our best.

## Menu Decoder

The universal danger sign – beware the chili! The larger the chili on our menu the hotter the meal item you are selecting, please tell our staff if you would like it mild! They may laugh at you, but don't let that worry you – they love to tell me that the food they are eating is only a little bit spicy – usually proven wrong when I eat said mild item and lose the function of my taste buds, turn a most attractive shade of chili red, and break out in a sweat!

These meals are available in smaller servings for KIDS. KIDS menu prices are 70% of the listed price for full size meals. There are some things we really can't make smaller, like the sausages, like slices of bread and so we serve those regular size and reduce what we can to make it more kid friendly.

These meals are suitable for Vegetarians; please tell our staff if you are a Vegetarian! We shall do our best to accommodate your preferences!

## The Seven Suns Food Policy

Food is good for you!!

At Seven Suns we strongly believe you must get the right start to the day, we love our breakfast menu and we hope you do too! Many places you will visit during your holiday will serve a buffet style or limited selection, we aim to have a diverse range of Western and Thai menu items, we have healthy selections for you – low fat yoghurt, with seasonal fruit and muesli, juices to quench your thirst or you can also select a Thai style rice porridge or noodle soup. If you feel that cholesterol is your friend – we have the BIG Aussie breakfast – sausage, baked beans, eggs, bacon, fried tomato, toast, jam, juice and tea or coffee.

Those of you from the US, the UK, New Zealand or many places in Europe may feel that we have stolen your breakfast and claimed it as Aussie. In fact we are happy to share this title with many countries; it is the quintessential 'farang' style breakfast!

If you join us for lunch or dinner we also hope you enjoy our selection of local dishes and also some more familiar and dare we say comfort oriented food. Having traveled around a fair bit – I often find a yearning for bangers and mash or chicken parma.... If we don't have your favorite on the menu, ask our staff and we shall do what we can, or if you like, head on down to the kitchen and just point out items for our staff. We are pretty flexible!

Above all else – ENJOY our food and any thing else you eat while here in Chiang Mai!
